**BLOOMSBURY TUTORS AND BLOOMSBURY LAW TUTORS**

**WEBSITES:** Bloomsburytutors.com and Lawtutors.co.uk

**LOCATIONS:** Covent Garden, London and Online

**ABOUT US:** Bloomsbury Tutors is a tutoring centre for university students in Covent Garden. We offer flexible degree-level tutoring work throughout the year in London and online.

Founded in 2009, we are the market leader in law tutoring, arranging 10K+ hours of law tutorials each year. We are focused on growing our non-law practice in 2018-19. Our tutors are academics, professionals, and postgraduates, united by a common interest in teaching.

**IMMEDIATE EMPLOYMENT OPPORTUNITIES**

**AVAILABLE ROLES:** Freelance Undergraduate Tutor

**NUMBER AVAILABLE:** 100+

**GRADUATES SOUGHT:** Law, Social Sciences, Physical and Life Sciences, Medicine, Maths & Humanities

**EARNINGS:** £30-50 per hour

**HOW TO APPLY:** To apply, visit us online and follow the links. For more information, call us anytime. You’re very welcome to arrange to visit us for an informal chat and a tea or coffee. Indeed, if you’re passionate about your subject and think you’d make a great teacher, we’d very much love to hear from you.

**EMAILS:** info@bloomsburytutors.com and info@lawtutors.co.uk

**TELEPHONE:** 0207 240 4075 and 0207 240 4072 (for law).

**Why Tutor with us?**
- It’s fun, rewarding, and self-educating to teach degree-level adults.
- It’s flexible – you choose your working hours, hourly rate and method of working.
- It’s organised – we are a market leader, with market leading admin and support.
- It’s specialised – you teach the areas of your degree you enjoyed the most.
- It’s a nice place to work – 12 airy, architect-designed rooms in central London.
- It’s streamlined – you turn up, teach, and go home. We do all the admin for you.
- It’s lucrative – in busy months (March to May), tutors can earn up to £5,000 / month.
- It’s monetising what you already know.
- It’s enjoyable – we work hard to foster a warm, friendly culture where tutors can be themselves and enjoy their work.
- It’s relaxed – we take our teaching seriously, but otherwise are very chilled. No suits.
- It’s the bright side of the gig economy!

**CAPITAL ONE**

**WEBSITE:** www.capitalonecareers.co.uk/early-careers

**LOCATION:** Nottingham

**ABOUT US:** Big ideas brought to life by the brightest folks working together. That’s what we’re all about at Capital One. We’re reinventing money and inspiring lives through our focus on creating helpful, convenient financial products and services that make money work for our customers. This is made possible by innovative technology, intelligently applied. That’s why we now see ourselves more as a tech-led business than a financial services company. It’s a journey – and it’s one we’d like you and your graduate talent to be part of.

**HOW TO APPLY:** Please apply online via the careers website.

**E-MAIL:** ukgraduaterecruitment@capitalone.com

PAY: Competitive

LENGTH OF INTERNSHIP: 8-12 weeks
ENSOFT LTD

WEBSITE: www.ensoft.co.uk or Twitter (@ensoftuk) or Facebook (ensoftuk)

LOCATION: Harpenden, Hertfordshire

ABOUT US: Ensoft is one of the UK’s most successful small software companies. We write software that connects the world. Much of the Internet depends on our technology every day. The wide variety of work we undertake is based on our unique long-term relationship with Cisco Systems. Our growth to a team of about 70 engineers is based exclusively on recruiting Oxbridge graduates.

The work environment is excellent. We offer flexible working hours and a very active social life. Our success is based on the high calibre of our graduates and the dedication of our team to training and personal development throughout the company.

Our extensive induction course covers the industry, networking protocols, software development practices and design/programming skills. This is tailored to each individual. Thereafter, there is an ongoing mentor scheme and a two-year ‘certification’ syllabus to ensure comprehensive training. Everyone is encouraged to take responsibility early on and get involved with all aspects of our work developing into senior design or project leader roles.

HOW TO APPLY: Send CV to recruitment@ensoft.co.uk by 12noon on Tuesday 12th June.

Our main summer Oxford interview day is on Friday 15th June 2018 at The Saïd Business School, Park End Street, Oxford, but if you are looking to make a decision sooner than that, let us know in your application.

E-MAIL: recruitment@ensoft.co.uk

STARTING SALARY: To be discussed
**HUGUENOTS SERVICES LTD**

**WEBSITE:** www.huguenots.co.uk/careers  
**LOCATION:** London  
**ABOUT US:** We are an established financial technology firm committed to developing the market-leading investment reporting platform for the global fund management industry. We still think like a start-up but have built a profitable and resilient business with an impressive list of clients in the UK and overseas. We are based in bright and spacious designer offices in Covent Garden, have a supportive, inclusive culture, and believe in creating an environment where talented individuals can thrive.

We are looking for bright, enthusiastic people to join the client services and software development teams. Compensation is negotiable and will be competitive. It includes benefits such as comprehensive health insurance, worldwide travel cover and a generous pension contribution.

**HOW TO APPLY:** Recruitment is on an ongoing basis, immediate start dates are available so please apply as soon as possible. Please send your CV and a brief cover letter to careers@huguenots.co.uk

**E-MAIL:** careers@huguenots.co.uk

**IMMEDIATE EMPLOYMENT OPPORTUNITIES**

**AVAILABLE ROLES:** Investment Reporting Analysts, Junior Software Engineers

**GRADUATES SOUGHT:** Candidates should: have an impeccable academic record (your degree discipline is not important); have a passion for technology; be a great communicator and team player (the work will involve interacting with all members of the company); enjoy a challenge, especially if it means learning new skills; have a knack for problem solving and thinking in a logical manner.

Although relevant experience would be a bonus, it is not a requirement as extensive training is provided. Candidates for the software role would ideally have some exposure to programming, but will be trained in Python and JavaScript.

**STARTING SALARY:** The starting salary is: £28,000-£32,000 + Benefits + Relocation contribution

**WORK EXPERIENCE OPPORTUNITIES FOR SUMMER 2018**

**AVAILABLE ROLES:** Investment Reporting Intern

**STUDENTS SOUGHT:** Degree discipline is not important

**PAY:** £440 per week

**LENGTH OF INTERNSHIP:** 10 to 12 weeks

---

**LONZA**

**WEBSITE:** www.lonza.com  
**LOCATIONS:** Slough and Cambridge  
**ABOUT US:** Lonza is one of the world’s leading and most-trusted suppliers to the pharmaceutical, biotech and specialty ingredients markets. As an integrated solutions provider, Lonza is boosting its value creation along and beyond the healthcare continuum with a strong focus on patient healthcare, consumer preventive healthcare and consumer’s healthy environment.

Lonza harnesses science and technology to create products that support safer and healthier living and that enhance the overall quality of life. With the recent Capsugel acquisition, Lonza now offers products and services from the custom development and manufacturing of active pharmaceutical ingredients to innovative dosage forms for the pharma and consumer health and nutrition industries.

Benefiting from its regulatory expertise, Lonza is able to transfer its know-how from pharma to hygiene and fast-moving consumer goods all the way to coatings and composites and the preservation and protection of agricultural goods and other natural resources. Founded in 1897 in the Swiss Alps, Lonza today is a well-respected global company with more than 100 sites and offices and approximately 14,500 full-time employees worldwide. The company generated sales of CHF 5.1 billion in 2017 with a CORE EBITDA of CHF 1.3 billion.

**NATIONAL FILM AND TELEVISION SCHOOL**

WEBSITE: www.nfts.co.uk

LOCATION: The National Film and Television School is based in Beaconsfield, Buckinghamshire, about 25 miles west of London and easily accessible by train and car.

ABOUT US: The National Film and Television School (NFTS) is one of the world’s leading film, television and games schools. Thanks to a recent £20 million investment, the NFTS boasts state-of-the-art facilities and operates like a production house with its own industry standard film studio, 4k Television and rehearsal studios, and cutting-edge workspaces for all courses, resulting in an unparalleled student experience. With its specialist and practical courses led by industry professionals, NFTS provides fast-track access to successful careers in film, games and television with a 93% graduate employment rate.

NFTS prides itself on producing world-class, award-winning industry professionals with more behind-the-camera than any other film school.

NFTS students and graduates regularly win top awards including winning the British short animation category for the last five years. Other prestigious accolades include the Grierson Award for Best Student Documentary, as well as multiple Royal Television Society student awards and Annecy Animation Awards. NFTS graduates have gone on to win ten Oscars and 137 BAFTAs with alumni including Oscar-winning cinematographer, Roger Deakins; BAFTA winning director, David Yates, (best known for directing the Harry Potter films); Oscar winning animator Nick Park (creator of Wallace & Gromit) and Oscar winning composer Dario Marianelli among others.

HOW TO APPLY: You can apply for all courses via our website www.nfts.co.uk. Courses include Cinematography, Composing, Directing, Animation, Games Design, Screenwriting, Camera and Sound, Script Development, Sports Production, Model Making, Digital Effects and Producing.

PROCTER & GAMBLE

WEBSITE: https://www.pgcareers.com/about-us

LOCATIONS: Weybridge, Surrey & Harrogate, Yorkshire

ABOUT US: P&G was founded over 180 years ago as a simple soap and candle company. Today, we’re the world’s largest consumer goods company and home to iconic, trusted brands that make life a little bit easier in small but meaningful ways. We’ve spanned three centuries thanks to three simple ideas: leadership, innovation and citizenship. Working in sales at P&G means getting your own multi million pound business and budget to lead from day 1. That means working with great brands like Pampers, Fairy, Gillette and the UK’s biggest grocery retailers.

HOW TO APPLY: Head online to submit your application. Please attach your CV in English.

E-MAIL: Georgia Trapp: trapp.g.1@pg.com

IMMEDIATE EMPLOYMENT OPPORTUNITIES

AVAILABLE ROLES: Didn’t get round to finding a job in your final year? Don’t stress, P&G still have top graduate opportunities in our sales team starting in 2018.

GRADUATES SOUGHT:
- University undergrads/ graduates who have recently completed a degree or will complete their degree in Summer 2018.
- Evidence of passion and achievements in academic and/or non-academic activities
- Demonstrated leadership skills and strong analytical capability
- Excellent communication and social skills
- Strong English verbal and writing skills

STARTING SALARY: Competitive + benefits including company car, pension scheme, share scheme

WORK EXPERIENCE OPPORTUNITIES FOR SUMMER 2018

AVAILABLE ROLES: Want to work with brands that millions of consumers can’t live without? Come and do one of our sales internships starting now, with a full time job available for successful interns.

STUDENTS SOUGHT: As above

PAY: Competitive

LENGTH OF INTERNSHIP: 8 weeks
PUSH

WEBSITE: https://pushgroup.co.uk/

SYMPLECTIC
WEBSITE: https://symplectic.co.uk/
LOCATION: London (Kings Cross)
ABOUT US: We are a software development and service team specialised in the capture, management and reuse of research information data. Our software is used around the world by over 95 institutions and by 330,000+ researchers, and we’re still growing – in 2015 we were featured in a short film by the Telegraph’s Business Club.

Created in 2003 by four friends studying for their PhDs, Symplectic has now grown into a successful international business, with over 30 employees spanning 3 continents – but it still retains the cultural feel of a startup.

Symplectic is part of Digital Science which works towards making research smarter, more collaborative, and more efficient.

Our core team are based in London, where we work alongside other Digital Science colleagues including folks from Altmetric, Figshare and Overleaf. We also have team members based in Germany, Romania, Australia and the USA, so we’re all well versed in online conferencing tools.

HOW TO APPLY: Send CV (and optionally a cover letter) to recruitment@symplectic.co.uk. Please mention where you heard about the vacancy (e.g. recruitment fair, careers website).

E-MAIL: recruitment@symplectic.co.uk
TELEPHONE: 020 3884 9870

PAY: NMW
LENGTH OF INTERNSHIP: 2-6 weeks
TEACH FIRST

WEBSITE: https://www.teachfirst.org.uk/our-programme

ABOUT US: If you grow up in a low-income community, your chances of future life success are limited. We want to change that. Teach First is a charity that works towards a day where every child has the education they are entitled to. We find and develop great people to become inspirational leaders in the classroom, in schools and across all sectors of the economy.

HOW TO APPLY: Our application can be found on our website, you will need to complete a set of competency based questions and a situational judgement test.

E-MAIL: gosborne@teachfirst.org.uk

IMMEDIATE EMPLOYMENT OPPORTUNITIES

AVAILABLE ROLES: Leadership Development Programme

GRADUATES SOUGHT: Our trainees join our Leadership Development Programme. Through the programme, we support them to become qualified teachers, to gain a fully-funded Postgraduate Diploma in Education and Leadership and go on, if desired, to gain a Master’s. We also introduce them to some of the most influential organisations and experts in the professional world – a diverse range of connections who share our commitment to ending educational inequality and value the skills and experiences our participants gain.

STARTING SALARY: Throughout your time on our two-year Leadership Development Programme you will study for a fully funded PGDE and throughout your training, you will be paid a salary. In year one you will receive at least the basic salary for an unqualified teacher, rising in year two to the basic for a Newly Qualified Teacher (NQT).

WORK EXPERIENCE OPPORTUNITIES FOR SUMMER 2018

AVAILABLE ROLES: Taster Programme

STUDENTS SOUGHT: Designed for undergraduates in their early years of study, our two-day Taster Programme will develop your skills through a number of interactive workshops. You will also gain a 360-view of educational inequality and learn more about our Leadership Development Programme.

Over the two days, you will engage in activities to develop your problem solving, communication and self-evaluation skills. You will work with like-minded undergraduates and meet ambassadors, people who have completed our Leadership Development Programme, to hear about their experiences. What’s more, as a Taster participant you’ll gain an increased understanding of the work we do to end educational inequality and find out how you personally can make an impact.

TESCO - SUPPLY CHAIN TRANSFORMATION

LOCATION: Welwyn Garden City

ABOUT US: Every day, 11 million customers visit Tesco stores. Here in the Supply Chain Transformation team we work to anticipate the needs of all of them to make sure that they can get what they want from us. For example, did you know that a 10 degree rise in temperature means we sell 300% more barbecue meat and 50% more lettuce? We use this relationship to make sure we order products in the right amounts to give our shoppers what they want while minimising the amount that goes to waste.

Based on our data-driven insight, collaboration with Tesco colleagues and in partnership with our suppliers, our projects make significant, lasting changes to the UK’s biggest retailer. And we can really see the changes we make: as well as measuring benefits in the office, we see them in visits to our stores and throughout the Supply Chain.

A career with us allows you to creatively solve problems, develop systems using mathematical modelling and algorithm design, and introduce better ways of working within our team and across our offices and suppliers.

HOW TO APPLY: If you are interested in the Business Analyst positions please go to https://www.tesco-careers.com/jobdetails/231931/ and follow the instructions. You will be invited to complete some online aptitude tests, and will then be invited to an interview day.

E-MAIL: For other inquiries please e-mail consulting.careers@tesco.com
