THE FAIR FOR ALL SECTORS

Meet a wide variety of recruiters
and find out about different career options
across a range of employment sectors.

www.careers.ox.ac.uk/careers-fairs

WELCOME TO THE OXFORD UNIVERSITY CAREERS FAIR

This event, organised by the Oxford Careers Service, offers you the opportunity to find out about a variety of different career options across a wide range of employment sectors.

You will be able to meet a number of major recruiters that are keen to attract students and graduates to their organisations, compare different organisations and find out about graduate and work experience opportunities. Not all the recruiters participating in this event are giving a presentation in Oxford this year, so this may be your only chance to meet them informally.

Whether you know precisely what you want for your future career, you are still deciding, or you are just starting to think about careers - this is your chance to find out more.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g. what are the pros and cons of their work? Or, what tips can they give you to increase your chances of being selected for work experience or employment?
- Be keen and attentive – first impressions count!
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

NEWTON EUROPE LTD

We are Newton.

We're a team of the brightest and most curious minds with a fundamental belief that every organisation can be better.

We crack some of the toughest business and public sector challenges of the day. Not with reports or copy and paste thinking. But by pinpointing and implementing the changes that will make the biggest difference – and then guaranteeing our fees against delivering measurable results.

We never start out assuming we know the answer, but we're always certain we'll find it and see it through to the finish. By uncovering the data so the most important decisions are made with facts, not opinions. By bringing together people who live and breathe delivering results. And by embedding in client organisations this same passion, self-belief and know-how to thrive on any challenge in the future.

We're looking for Operations and Digital Consultants to work alongside a variety of clients designing and implementing programmes to deliver real, sustainable change. Day to day, you'll be working with our clients to identify opportunities for improvement and then plan and implement the changes needed to solve the problem.

SONY CORPORATION

Tokyo Tsushin Kogyo K.K. (Tokyo Telecommunications Engineering Corporation), the predecessor of Sony, was established in 1946 as a small company. Founder Masaru Ibuka set up the company with a clear purpose, to “establish an ideal factory that stresses a spirit of freedom and open mindedness that will, through technology, contribute to Japanese culture.” From these origins, Sony has continued to build upon its founding ideas through expansion and globalization, ultimately striving to bring ambitious ideas to the table, to “do what has never been done before,” and to continue leading in the introduction of groundbreaking products throughout Japan and the world.

Sony has been able to grow over the years by prioritizing innovation and supporting its employees in bringing their original ideas to life and turning their dreams into reality. Talented engineers, software developers, business strategists, and artists from across the world have played critical roles in our growth and international business development. We are excited to continue trailblazing with a globally oriented mindset, and we ask that you consider joining us on our journey ahead!

The University of Law is one of the longest-established specialist providers of legal education and training in the UK, with campuses in London, Birmingham, Bristol, Chester, Guildford, Leeds, Manchester and Nottingham, and an international campus in Hong Kong. You can also study our courses at the University of East Anglia, The University of Exeter, The University of Reading, and The University of Liverpool.

We offer a range of postgraduate legal training and Master's degrees designed by qualified experts to help students advance at any stage of their career. Our courses are employment-focused, honing key skills in a teaching environment based on real legal practice. Part-time and online study options are available on many of our courses to help students work and study at the same time. To find out more about our postgraduate courses, please visit www.law.ac.uk.

UNIVERSITY OF OXFORD, DEPARTMENT OF EDUCATION

Train to become a secondary school teacher (11-18 age range) with the University of Oxford. The University of Oxford's Department of Education is one of the leading educational establishments in the UK and has a long history of initial teacher training, dating back to 1892.

Students spend time in both the University and partnership schools providing you with an integrated learning experience. Our local partnership schools are all state-funded and non-selective.

The University of Oxford's PGCE is available in the following subjects: biology, chemistry, English, geography, history, mathematics, Modern Foreign Languages (MFL), physics and Religious Education (RE).

Rather than attempt to train all students to teach in a particular way, we aim to build on your existing strengths as intelligent graduates and as mature, autonomous, motivated personalities to help you teach in the way most suited to you and your school pupils.

UNLOCKED GRADUATES

Our 2 year Leadership Development Program is designed to bring out the full potential of the best graduates in the country, and develop them into top leaders and change-makers in society.

You will work as a prison officer full-time, while also completing a fully funded Masters degree in Applied Custodial Leadership. You will gain work experience at a range of over 100 organisations and potentially write and implement policy nationwide.

You initially will work to reform prisons from the inside, and after the 2 years our graduates have gone onto work at a huge range of organisations, including the Ministry of Justice, PA Consulting, Clifford Chance, and of course lots have remained making change in the prison system. 4 of our graduates are now Band 7 governors within 1 year of completing the graduate scheme.

Come and meet the recruitment team who would be delighted to show you how you can also be one of societies' next leaders of change.

We also offer BAME mentorship and coaching throughout our recruitment process, come and speak to us to find out more.
