

FINANCE & MANAGEMENT CONSULTANCY FAIR 2025

Friday 10 October
12:00 - 15:00

Examination Schools
OX1 4BG

www.careers.ox.ac.uk/fmf

WELCOME TO THE FINANCE AND MANAGEMENT CONSULTANCY FAIR

The Finance and Management Consultancy Fair is for Oxford University students, researchers and alumni who are considering a career in accounting, insurance, banking, investment management, quantitative trading, strategy, management consultancy, and beyond.

At the fair, participants can start planning their next career steps or focus their search, find full time jobs, graduate schemes, and internships, and network with top recruiters.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g., what are the pros and cons of their work? Or what tips can they give you to increase your chances of being selected for work experience or employment?
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

Read more on how to [make the most of a careers fair](#).

PRE-FAIR TALKS

Alumni @ the Finance and Management Consultancy Fair

11:15 - 12:00, at the Examination Schools

Advice session for alumni attending the fair, with tips on how to make the most of it.

Researchers @ the Finance and Management Consultancy Fair

11:15 - 12:00, Examination Schools

This pre-fair session looks at ways to engage with companies of interest at the fair, with a focus on how to present the skills gained through your research training to non-academic employers.

A consultancy career without the commute? Pre-fair talk with Pragmatix Advisory Limited

11:30 - 12:00, Examination Schools

Careers in consultancy are varied, and so are the working environments – but not all require boring daily commutes and stuffy offices.

Join members of the Pragmatix Advisory team, including former student interns, to find out more about fully remote working and their virtual office. This small boutique economics, strategy and policy research consultancy has an innovative approach to work-life balance with a team working from wherever they want across the United Kingdom and beyond but staying together through the day in their Virtual Open Plan Office.

In this session, learn what it's like to work fully remotely: the pros and the cons. Hear about life in a small specialist consultancy: the good and the bad. Discover what an online interviewer is looking for, and what they're not. And find out more about Pragmatix Advisory's fully remote internships for final year Oxford students.

Alta Advisers

Alta oversees a long-term oriented portfolio that aims to generate attractive risk-adjusted returns after inflation. Given our clients' multi-decade time horizon, the portfolio has an equity bias to achieve high returns. To provide diversification, it is invested globally across conventional and alternative asset classes that include: public equities, leveraged buyouts, venture capital, real estate, and hedge funds. Within each asset class, we partner with world-class investment managers that are experts in their fields. These managers select individual securities and add value through active management. We can access the most knowledgeable investment groups, perform detailed and differentiated fundamental research, and form independent and fact-based investment judgements. This approach, similar to that pursued by some leading U.S. university endowments, allows us to access diverse investment opportunities, ranging from timber to venture capital to biotechnology.

We have a successful track record of training and developing new hires out of university; as such we are looking for outstanding and curious candidates to work closely with the investment team as Summer Interns. During the six-week internship programme you will gain hands on experience and insights into the role and responsibilities of an investment analyst. You will have a chance to meet with leading investment funds across asset classes. Interns will also be encouraged to shape new investment themes by conducting an independent research project and presenting their findings to Alta's senior team.

The strongest candidates will be extended offers to start as full-time Investment Analysts in 2026 or 2027, depending on your graduation date.

Capital One (Europe)

At Capital One, we're on a mission: to change credit – one good thing at a time. You might think of us as a credit card company. But the truth is, we're just as much a technology business. And we're here to make a positive difference – to our customers, our colleagues and community.

One of the happy consequences of making finance easier for our customers is that Capital One is an inspiring place to launch your career. Join us, and you can expect early responsibility as you take on meaningful work in collaborative teams. We've got a great track record of hiring graduates and enabling them to reach their full potential. Just look at our CEO, Lucy Hagues. She started as a graduate and now leads the UK business. And that's just one of many success stories.

We are committed to creating teams that are representative of our customers and the communities we serve. We welcome applications from everyone, and would particularly love to hear from you if you identify with an under-represented group in our industry, such as women, the LGBTQ+ community and ethnic minority candidates.

Elixirr

Elixirr International plc is a global consulting firm with a bold ambition: to become the best consulting firm in the world.

Founded in 2009 to challenge a declining industry standard, we've grown from a single vision into a powerhouse of entrepreneurial talent, delivering boardroom strategy through to execution.

After IPO-ing on AIM in July 2020, Elixirr moved to the Main Market of the London Stock Exchange in July 2025. In that time, our market cap has grown from £98 million to over £350 million – a testament to our differentiated approach and relentless pursuit of excellence.

With a presence across the UK, US, EU, and South Africa, and a client base spanning industries and geographies, we've welcomed seven boutique firms into the Group. This has broadened our capabilities across creative, digital marketing, data and AI, procurement, transformation, and more.

Our vision of becoming a services unicorn is firmly within reach – and this is just the beginning. We're looking for exceptional talent to join us on this exciting growth journey and shape the future of consulting.

First Actuarial

First Actuarial has been around since 2004, when a small group of like-minded actuaries came together to bring fresh thinking to pensions consultancy. Two decades later, our strong growth path has continued year on year, and we now employ around 500 people across seven locations.

We're still an independent business with no chargeable hours targets, giving our people the time to deliver their best work and excel. We shape our high-quality services by listening closely to our clients' needs. And we price those services fairly.

As we develop our business, prospects for our people grow. Our Basingstoke, Birmingham, Leeds, Manchester, Peterborough, London and Tonbridge offices provide supportive work environments where everyone can make a difference. We enjoy work and celebrate our successes. And we provide support and helpful feedback so we all learn and improve.

We love numbers, but we love people more. Staff wellbeing and work-life balance have always been core values. Beyond the firm, we're known for our integrity. We're happy to challenge conventional thinking and speak up. Our pioneering work is set to transform the lives of millions of younger people with a new type of pension
