

OXFORD UNIVERSITY CAREERS FAIR 2025

THE FAIR FOR ALL
SECTORS

Saturday 11 October
10:30 - 13:30

Examination Schools
OX1 4BG

www.careers.ox.ac.uk/oucfa

WELCOME TO THE OXFORD UNIVERSITY CAREERS FAIR

The [Oxford University Careers Fair](#) offers Oxford University students, researchers, and alumni the opportunity to find out about a variety of different career options across a wide range of employment sectors.

You will be able to meet a number of major recruiters that are keen to attract students and graduates to their teams, compare different organisations and find out about graduate and work experience opportunities. Not all the recruiters participating in this event are giving a presentation in Oxford this year, so this may be your only chance to meet them informally.

Whether you know precisely what you want for your future career, are still deciding, or are just starting to think about what you want to do next, this is your chance to find out more.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g. what are the pros and cons of their work? Or, what tips can they give you to increase your chances of being selected for work experience or employment?
- Be keen and attentive – first impressions count!
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

Read more on how to [make the most of a careers fair](#).

PRE-FAIR TALKS

[Alumni @ the Oxford University Careers Fair](#)

09:45 – 10:30, at the Examination Schools.

This satellite event will help alumni make the most of the fair, as well as opening discussions for general career guidance on topics such as CVs and networking.

[Researchers @ the Oxford University Careers Fair](#)

09:45 – 10:30, Examination Schools

Talk informally with a careers adviser about options for researchers and find out how to get the most from the fair.

NOTE

Please note that the [Oxford University Careers Fair](#) takes place at the same time as the [Law Fair](#) in the Examination Schools so you can attend both fairs on the same day.

TEACHING

Appian

Before Appian was a company, it was an idea. Not about a product or a market, but about the culture needed to sustain innovation and value. Appian was founded on the belief that talented and passionate people, given the power and autonomy to excel, will deliver amazing results.

Today, we help you build apps and workflows rapidly, with a low-code automation platform. We combine people, technologies, and data in a single workflow to maximize your resources and dramatically improve business results.

Appian is the only recognized global leader across multiple enterprise technology markets, including low-code application development, digital process automation (DPA), intelligent business process management systems (iBPMS), and dynamic case management (DCM).

Our UK office is located at Level 25, 20 Fenchurch St, London EC3M 3BY

Find out more at: <https://careers.appian.com/>

TECH

Axon

At [Axon](#), we're building technology to change the world. Axon is a technology leader in global public safety, building the public safety operating system of the future by integrating a suite of hardware devices and cloud software solutions. Our technology suite includes TASER energy weapons, body-worn cameras, in-car cameras, cloud-hosted digital evidence management solutions, productivity software and real-time operations capabilities. Our growing global customer base spans across international, federal, state and local law enforcement, as well as emerging markets like commercial enterprises, fire, emergency medical services, the justice sector, corrections, campus, and consumers. Axon's [Leadership Development Program](#) is a highly-selective, 2-year rotational program that places high-potential individuals in leadership-track roles across the company. Designed for those eager to gain broad business exposure at a high-growth company, Axon's LDP is ideal for future leaders ready to drive innovation and make an impact.

INVESTMENT

Bali Dyslexia Foundation

Bali Dyslexia Foundation (BDF) is an award-winning, registered charity based in North Bali, Indonesia. We support underprivileged and neurodivergent children—particularly those with dyslexia—through inclusive education, early identification, and teacher training. BDF is the first organisation in Indonesia to champion dyslexia awareness and structured multisensory literacy programs in both Bahasa Indonesia and English.

Through our internship and volunteer programs, we welcome passionate students from around the world to join hands-on projects in charity development, environmental education, digital media, and inclusive education. Our sister initiative, the North Bali School of the Arts (NBSA), provides creative, vocational training for underserved youth. Interns and volunteers leave with real-world impact, professional experience, and unforgettable cultural immersion.

Join us as an intern to make a lasting difference while gaining unique insights into international development, education, and neurodiversity.

Find out more at: www.balidyslexiafoundation.org

CHARITY

Bastion Trading

Bastion Trading is a proprietary trading firm founded by a group of traders, technologists and operations specialists focused on a singular goal to create the world's best trading house by consistently pushing the boundaries of conventional thinking about the capital markets.

While using technology as our core strength, we take a multi-disciplinary approach to consistently position our capital to reap the highest risk-adjusted returns on market inefficiencies we identify. Leveraging advanced quantitative models and cutting-edge technology, we engage in trading across global financial markets. We seek people with bright minds and humble mindsets. Believe in yourself, put in the effort, and change the game.

TRADING

Budweiser Brewery Group UK&I

We are Budweiser Brewing Group, the UK & Ireland business of AB InBev, the world's leading brewer. We have over 1,000 colleagues in the UK across four breweries and our corporate headquarters in London.

We build brands and experiences that bring people together through our dedication to brewing the best beer with the finest, natural ingredients. The UK is home to many of the world's best ranked bars and restaurants, and a booming beer scene with over 50,000 pubs.

We are the proud makers of more than 500 iconic brands, from time-honoured classics enjoyed globally to new local favourites. Our UK brands include Stella Artois, Corona, Budweiser, Bud Light, Beck's, the Camden Town family, and many more. We're honoured to brew so many of the world's leading premium beers and ciders and build brands that will bring people together to share positive experiences for the next 100 years and beyond.

Our people are passionate, resilient, risk-takers. As a company of owners, our colleagues are empowered to be curious and courageous, always with an eye on the next challenge.

Together we're creating a future with more cheers – one that everyone can celebrate, and everyone can share. We're innovating to serve up new ways to meet life's moments and move our industry forward.

CONSULTING

Davies Maguire

Davies Maguire are an award-winning Structural and Civil Engineering Design consultancy with a track record for unlocking the value on numerous complex projects. Our work is characterised by the passion and knowledge we bring to the creative process of making buildings as well as the continual efforts that we make to minimise the environmental impact of our designs.

We are a well-established SME, with the personal touch of a small company, but involvement in projects of a size and complexity associated with larger consultancies. We work with market-leading architects, developers and contractors and have been recognised for our innovative work.

Davies Maguire is a great place to learn, resulting in an excellent track record in graduates achieving Chartered status. We have been shortlisted for NCE Best Place to Work Award 2023 and 2024.

Diplomatische Akademie Wien - Vienna School of International Studies

Who we are

The Vienna School of International Studies - Diplomatische Akademie Wien (DA) is a postgraduate school for international studies and a multidisciplinary centre of excellence. Established in 1754 and housed in a former imperial palace, the DA is the oldest academic institution in its field. The DA is open to graduates of any discipline and of any nationality.

Our educational offer

Today the DA offers 2-year Master's programmes, a one-year Diploma Programme and a PhD-Programme to prepare about 200 graduate students from 40+ countries for an international career each year. The traditional study areas are political science, economics, international and European law, history and cultural studies. Of course, current topics such as the environment, sustainability and technology are an important part of all our programmes and courses. [Find out more](https://da-vienna.ac.at/)

Additional offers

- In-house language training
- Professional skills courses
- Global network of alumni from more than 125 countries
- Student residence directly on campus
- Diplomatic Academy Students Initiative (DASI) with several committees and societies

GOVERNMENT & PUBLIC SERVICES

Hurstpierpoint College

We are looking to recruit well-qualified graduates/undergraduates to become teachers across a wide range of subject areas.

As a teacher, from day one you will receive a £31,000 starting salary, free on-site accommodation at our impressive Sussex campus, and free meals. Our programme is fully funded and includes sponsorship of a PGCE with QTS in your second year.

Throughout the programme you will work closely with a mentor to build confidence in skills, knowledge and pedagogy. This is achieved through observations, phased in class teaching, and bespoke training sessions. Many of our Teach Hurst teachers go on to take up positions of responsibilities early in their careers.

TEACHING

John Swire & Sons

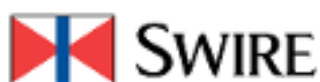

2026 Swire Management Programme

What we look for: As an equal opportunities employer, we're looking for a diverse pool of graduates who are intellectually curious, business minded, driven, adaptable with the initiative and enterprise to develop into future business leaders. Inclusive and open, you'll exhibit the Swire values of excellence, endeavour, humility, continuity and integrity. We welcome a diverse range of academic backgrounds – whether you studied business, history or science, we believe it is learning agility, interpersonal skills and leadership potential that matter most.

Eligibility criteria:

- You have graduated or will be graduating from an undergraduate/postgraduate degree no later than July of the intake year.
- You have the business and commercial acumen, as well as the ambition, to develop into a senior leader with Swire.
- Strong initiative and enterprise.
- Geographic mobility will be expected. Swire Management Programme Executives will spend most of their time working in HKSAR and the Chinese Mainland but may also be required to work in other countries where our businesses operate. The extent of travel outside HKSAR will depend on which industry/operating company you work in.

Newton

Do you want to make a meaningful impact?

At Newton we are a consultancy that helps organisations realise their strategic ambitions, translating them into real-world outcomes. Specialising in the defence, consumer and public sectors, we need exceptional graduates like you to create bold, fresh thinking.

The challenges our clients face are highly complex, but the seemingly impossible is where we thrive. You'll work hand-in-hand with our clients, going as deep as it takes to find answers. It's more than hitting numbers or ticking boxes but delivering meaningful, measurable impact.

As a graduate, you'll progress at pace, and there's no limit to unlocking your potential. At Newton, we're building a community of exceptional people, one built on trust and shared experiences, of challenge and adventure. Collaboration is key, from spending time away onsite to regular whole-company days to tackling projects together. We're currently looking for operations, digital and people & change graduate consultants. Roles are open to applicants from all degree disciplines and can be based anywhere in the UK as you'll need to travel to UK-wide project sites.

We bring together exceptional people who drive development, motivating individuals to become better versions of themselves. It's never easy, but it's always rewarding. Our consultants will be at the careers fair and would love to talk to you about graduate job and internship opportunities at Newton. Come say hi for you chance help us unlock complexity and win Deliveroo vouchers to take home.

EDUCATION

Teach First

Teach First is an education charity working to build a fair education for all. Education in the UK is not fair. 21% of young people don't pass GCSE Maths at Grade 4 or above, and there's a critical shortage of teachers. This disproportionately affects pupils from low-income backgrounds, limiting their potential and threatening the country's future.

That's why we train and support individuals to become inspiring teachers and leaders in schools where they're needed most.

Our two-year **Training Programme** offers a fully funded PGCE, classroom responsibility from day one, a competitive salary, and exclusive access to internship opportunities with our corporate partners.

If you're a **non-finalist**, our **Taster Programme** is a short, funded opportunity to explore a career in education and gain transferable skills for any path.

Find out more at: www.teachfirst.org.uk/training-programme

FURTHER STUDY | TEACHING

The Phoenix Partnership (TPP)

TPP is a global digital health company. With over 7,000 organisations using our solutions to care for over 50 million patients, our software is used across all health and social care settings, including GPs, emergency departments, hospitals and mental health services. This means that wherever and whenever a patient needs care, a detailed and up-to-date record is available. No other company has a digital healthcare solution on this scale. Our database is one of the largest in the world. It processes a billion transactions daily – more than the London Stock Exchange and Visa combined

Our technology helps improve people's lives across the world, whether it is scheduling immunisations for millions of children, allowing doctors to manage complex care for elderly patients, helping governments with the prevention of outbreaks, or developing new machine learning algorithms for the early diagnosis of disease.

TPP is committed to helping tackle global health challenges, working with governments to deliver the technology required for the future of healthcare.

University of St Andrews

The University of St Andrews offers an unforgettable higher education experience. Founded in 1413, Scotland's oldest University is a mix of the dynamically modern and the evocatively historical.

Underpinned by centuries of traditions and elevated by world-leading research facilities, St Andrews is more than just a university. Home to around 1,000 postgraduate taught students, a one-year Masters from St Andrews will allow you to:

- Benefit from small class teaching with leading academics.
- Further your knowledge and understanding of your subject.
- Strengthen and build professional and academic relationships.

Located in a coastal town where the medieval meets the cosmopolitan, St Andrews provides a truly diverse and vibrant student community with a global outlook. As a postgraduate student you will have access to cutting-edge resources, and benefit from a number of opportunities to grow yourself academically and personally, all whilst building solid foundations for your future career.

St Andrews is Scottish University of the Year and best in the UK for Student Experience in The Times and Sunday Times Good University Guide 2025. We're top in Scotland and second in the UK in the Guardian University Guide 2025.

BANKING & INVESTMENT

Yenching Academy of Peking University

The Yenching Academy of Peking University aims to build bridges between China and the rest of the world through an interdisciplinary master's program in China Studies. This initiative brings together young people who have demonstrated a talent for leadership and innovation. At Yenching, they are immersed in an intensive learning environment where they can explore China and its role in the world—past, present, and future. The Academy's goal is to shape new generations of global citizens with a nuanced understanding of China.

The Yenching Academy provides full fellowships to its Scholars, and offers them a wide array of interdisciplinary courses on China within broadly defined fields of the humanities and social sciences. Working closely with their academic mentors, Yenching Scholars create their own study paths by choosing courses from six research areas. They participate in a variety of extracurricular activities and field studies, organized by the Yenching Academy, and designed by scholars themselves. Studying at the Academy is an exceptional opportunity to take part in intercultural exchanges and interdisciplinary learning, developing both personally and professionally.
