

OXFORD UNIVERSITY CAREERS FAIR 2023

Saturday 7 October
10:30-13:30

Examination Schools
OX1 4BG

Meet recruiters, explore graduate roles, internships and full-time jobs, and find out about different career options at Oxford University's careers fair for all sectors.

www.careers.ox.ac.uk/oucf

WELCOME TO THE OXFORD UNIVERSITY CAREERS FAIR

This careers fair offers Oxford University students, researchers, and alumni the opportunity to find out about a variety of different career options across a wide range of employment sectors.

You will be able to meet a number of major recruiters that are keen to attract students and graduates to their teams, compare different organisations and find out about graduate and work experience opportunities. Not all the recruiters participating in this event are giving a presentation in Oxford this year, so this may be your only chance to meet them informally.

Whether you know precisely what you want for your future career, are still deciding, or are just starting to think about what you want to do next, this is your chance to find out more.

Top tips

Use this booklet to plan your fair tactics:

- Check who is attending and read their booklet entry before you speak to them.
- Plan some questions to ask e.g. what are the pros and cons of their work? Or, what tips can they give you to increase your chances of being selected for work experience or employment?
- Be keen and attentive – first impressions count!
- Talk to as many people as you can.
- Remember to record who you spoke to and key points of your conversations.

AlphaSights

Who we are

AlphaSights is the global leader in knowledge on-demand. Since launching in 2008, we have focused relentlessly on one thing: helping our clients unlock knowledge advantage.

We do this by providing frictionless access to the expert insights that matter - whatever the company, sector, geography or topic.

Our mission

Knowledge is the key to progress, prosperity, and the creation of a better future. Much of humanity's most important knowledge is non-digitized and locked up in the minds of millions of professionals worldwide. AlphaSights provides investors and business leaders with seamless access to this knowledge, enabling them to achieve competitive advantage and accelerate progress.

Our mission is to unlock human knowledge and power success for our clients, our people and our company.

Baillie Gifford & Co

This is your opportunity to join Baillie Gifford, a leading independent global investment management partnership. Today, with in excess of £230 billion under management and more than 700 clients across the globe, we have over 1,700 employees working at our head office in Edinburgh.

Let's forget about your degree for a moment, and instead focus on you. Are you an inquisitive thinker with the imagination to see the world differently? Do you have the curiosity to explore new possibilities and the desire to create solutions that drive future development? Then we'd like to meet you. We think our investments aren't all that different from the graduates we look for – it's all about potential. Join either one of our Investment Research or Technology Solutions programmes, and our next investment will be you.

Diversity and inclusion: We seek diversity in all its forms and recognise that an inclusive workplace is fundamental to our success as a business. Fostering a culture of inclusivity enables us to attract, develop and retain diverse talent, encourage the free exchange of ideas, and enhances our relationships with clients and companies across the world. We work to ensure that all our colleagues feel valued, and that their work is always recognised and rewarded.

Wellbeing: Good mental and physical health is vital for us all. That's why we're always working to ensure our staff feel supported – through open conversations, social networks and policies that make people feel valued. The wellbeing of our colleagues is a top priority for us. If we want to have healthy, happy, motivated people who take pride in working here, then we have a responsibility to ensure we're taking their wellbeing seriously.

BETTING AND GAMING

Future Teacher Training

We are recognised as a national leader in teacher training, ranked the top training provider in the South of England, and judged 'Outstanding' by Ofsted (2016 and 2023). At Future Teacher Training we have an unrelenting focus on producing teachers of the highest calibre, characterised by their deep subject knowledge and unrelenting desire to become expert teachers and leaders in the education field. We offer a highly personalised training experience, realised through weekly training sessions, offering access to cutting edge practice and pedagogy delivered by Trust experts and leaders. Our curriculum is delivered through seven core strands, enabling trainees to benefit from the expertise of high profile and highly qualified specialists.

The Future training experience offers a central curriculum alongside access to true experts in the field of education ranging from inspirational school leaders to advisors from research hubs like the Education Endowment Foundation. We provide a knowledge-rich curriculum underpinned by the most up to date, evidence-based research, as well as high-quality mentoring driven by our pioneering instructional coaching model. We offer bursary, tuition-fee and salaried routes across the primary phase and secondary subjects, as well as generous scholarships and financial packages. Typically, our trainees come from top universities with a 2:1 or above and a deep desire to progress within our organisation beyond their ITT year, which is exemplified by our exceptionally high employment rates into our Future Academies schools.

TEACHING

Hurstpierpoint College

Hurst College is a very successful independent school located on an outstanding 140 acre campus in West Sussex, just north of Brighton. One of the keys to our success has been excellent staff. The college has made a point of recruiting and training individuals – who have the potential to become outstanding teachers – straight from university or those who have had initial careers in other areas.

Our Teach Hurst Teacher Training programme is fully-funded and includes sponsorship of PGCE and Early Career Teachers training. Our trainees receive close and supportive mentorship and many continue with us, once trained, into positions of responsibility, with pay increases to match.

We offer a competitive starting salary, free on-site accommodation and free meals along with access to a wide range of sporting and leisure facilities, trips and events through our co-curricular programme.

Institute for Fiscal Studies

At IFS, we recruit top-quality economists. We specialise in the economic analysis of public policy, bridging the gap between purely academic research and issues of practical policy design or evaluation.

You will carry out in-depth economic research and communicate your findings to politicians, journalists, academics and others such as campaigning groups and professional organisations. You will work closely with colleagues in a small team as well as with other teams across the Institute; your colleagues will include policy experts and leading academics from the UK and overseas.

We will support you in developing your skills, through further study, ad hoc training and by giving you opportunities to get involved with all aspects of research and communication right from the start.

We recruit annually for research economists, postdoctoral fellows, graduate scholars and summer students. We also consider applications for senior economists on an ongoing basis.

Jacari

Jacari is a charity that supports local migrant and refugee children aged 6-16 who speak English as an Additional Language. Sign up today to become a Jacari tutor and make a real difference in a child's life! We are partnered with 13 local schools (8 primary schools and 5 secondary schools) who refer pupils most in need of language learning support and building confidence in and outside of the classroom.

Our volunteers are matched 1:1 with a pupil. Volunteers provide informal and fun tutorials (1hr per week) at the pupil's home or at the pupil's school. These sessions aim to support language learning but are also intended to provide a comfortable and informal time to learn outside the classroom. Volunteers become valued mentors and tutors. At Jacari, we train our volunteers to provide these sessions (including safeguarding, volunteer induction and teaching skills sessions). We also provide additional workshops delivered by external partners on topics such as talking about migrant and refugee challenges with young people, engaging with a pupil completely new to English and so on. We run a range of activities and events for Jacari pupils and their volunteer tutors, including trips to local museums, arts & crafts and much more.

Our volunteers are passionate about supporting newly arrived refugee and migrant children in Oxford. Volunteering for Jacari is a fantastic opportunity to learn more about teaching and education practice as well as how charities support local refugee and migrant families. If you would like to become a Jacari tutor, please check out our [website](#) and [social media](#), and complete our [application form](#). Newton Europe

We are [Newton](#).

We're a team of the brightest and most curious minds with a fundamental belief that every organisation can be better. We crack some of the toughest business and public sector challenges of the day. Not with reports, or copy-and-paste thinking. But by pinpointing and implementing the changes that will make the biggest difference – and then guaranteeing our fees against delivering measurable results.

We never start out assuming we know the answer, but we're always certain we'll find it and see it through to the finish. By uncovering the data that means the most important decisions are made with facts, not opinions. By bringing together people who live and breathe delivering results. And by embedding in client organisations this same passion, self-belief and know-how to thrive on any challenge in the future.

We're currently looking for [Operations and Digital Consultants](#). When you join us in one of these roles, you'll work alongside a variety of clients to design and implement programmes that deliver real, sustainable change. You'll be working on site, from the shop floor to the boardroom and everywhere in between. Every mission and every client is different, but our model of work doesn't change. On a day to day basis, you'll be working with our clients to identify opportunities for improvement and then plan and implement the changes that need to happen to solve the problem.

We demand better in everything we do. We think you should too.

Reedsy

Crafting beautiful books is at the heart of everything that Reedsy does. We're changing the way books are published by giving authors and publishers access to talented professionals, powerful tools, and free educational content.

Reedsy was founded in the summer of 2014 by Emmanuel Nataf, Ricardo Fayet, Vincent Durand and Matt Cobb. Since then, we're proud to have built a network of world-class publishing professionals and helped produce over 10,000 books.

Publishers and authors trust us to provide them with quality talent. That's why we only work with editors, designers, marketers, and ghostwriters who have experience crafting books that land on the New York Times bestseller list. Authors come to us from a range of backgrounds. Maintaining a diverse roster of professionals ensures that authors from all walks of life can find the right people to help. This is our challenge: to allow you to exercise your creativity by making sure our services are perfectly suited to your genre and budget.

That's why you will find that Reedsy professionals come from all across the globe: based in over 30 countries, they have worked with clients of all sizes and sensibilities. Our idea is simple: the more perspectives we can bring to the table, the more unique the books produced on Reedsy will be. We believe that in a world otherwise dominated by a mass-market culture, the need for a diversity of books is greater than ever. Reedsy is made possible thanks to the incredible professionals who have joined our network. They work from over 600 cities, covering most continents. We are strong believers in the power of remote work. The Reedsy team itself hails from over ten different countries and speaks as many languages.

LEADERSHIP PROGRAMME

Veer

Veer is a small team of engineers and academics from London and the University of Oxford with a passion and plan for changing the recruitment landscape for the better. We are headed by esteemed AI researcher [Sir Nigel Shadbolt](#) and [Sue Douglas](#), who brings a wealth of experience as the former editor of the Sunday Express and deputy-editor of the Sunday Times. We have garnered significant investment and consequently are part owned by a major global recruitment company.

We're making it our mission to rebuild the world's recruitment infrastructure from the ground up, questioning every assumption and belief about how these systems should work in pursuit of the best user experience, from career discovery to interviews.

RECRUITMENT

Walter Scott

At Walter Scott, we know that our strength lies in our people. As an Edinburgh-based investment management firm with around 180 employees, we offer bespoke equity portfolio management services, building real and long-term relationships with our clients. Our Investment Research team looks to invest in world-leading companies, taking a team-based approach to decision-making. Meanwhile, our Operations teams underpin this entire investment process and strive to provide our clients with the right levels of service and support, which is vital for the success of our business.

Our two summer internship opportunities in Investment Research or Operations are open to inquisitive and motivated individuals from **any** degree subject and a diverse range of backgrounds. Our size and culture mean you'll be very much part of the team, and our experienced mentors will be on hand to offer support throughout your time with us.
